Freeze.com is distributing modified installers which differ from the originals. The modified installers are compliant with the original software manufacturer's policies and terms & conditions. InstallIQ™ is an install manager that will manage the installation of your selected software. In addition to managing the installation of your selected software, InstallIQ™ will make recommendations for additional free software that you may be interested in. Additional software may include toolbars, browser add-ons, game applications, anti-virus applications, and other types of applications. You are not required to install any additional software to receive your selected software. You can completely remove the program at any time in Windows' [Add/Remove Programs](#).
